## INTRODUCTION.

---

CITY CLERK'S OFFICE,

Nov. 18, 1901.

This volume contains an exact transcript of the first 270 pages of Book III. of the Old Records of the Town of Fitchburg, Mass., including the town meeting and selectmen's records, beginning with a warrant dated April 20, 1796, for a town meeting to be held May 9, 1796, ending with the report of the selectmen upon the division of the school money for the year 1809, made out December 4, 1809. The amount expended that year was \$640.00.

With this volume we present a portrait of Capt. Israel Turner, from a painting owned and loaned by Miss Nancy Phillips; also a portrait of Rev. Samuel Worcester, from an engraving the original of which was painted by Samuel F. B. Morse of electric telegraph fame, when Mr. Worcester was about forty years of age.

There are two pages of manuscript reproduction prepared by the Heliotype Printing Company of Boston, Mass. The photographs in these cases were prepared by J. C. Moulton, photographer, of this city.

The printer's copy for this volume was prepared by Miss Bessie J. Davis.

The work of printing has been executed by the Sentinel Printing Company in their usual careful manner, and the index has been prepared under the supervision of Mr. Frank C. Hoyt, foreman of that company.

The same general method has been used in this volume as in former volumes with reference to paging, the heavy figures enclosed in brackets representing the paging in the original book.

A Question was moved and Seconded to see if the Town would act upon the Refult of the Council to know

whether they would accept of it or not and it pass<sup>d</sup> in the affirmative

a motion was then made to know the minds of the Town whether they would accept of the result of the Council. the vote being put it pass<sup>d</sup> in the affirmative.

The result was as follows (viz)

At an Ecclesiastical Council convened at the house of Cap<sup>t</sup> W<sup>m</sup> Browns in Fitchburg in consequence of letters missive from the Pastor & church of Christ in said Town were present from y<sup>e</sup>

Church in	Pastures	Delegates
Ashburnham	John Cushing	{ Mr W <sup>m</sup> Stearns { Mr Joshua Smith Esq <sup>r</sup>
Royalton	Joseph Lee	{ Mr Daniel Bragg
Reven <sup>ds</sup>		{ D <sup>n</sup> Benja Kingsbury
Rindge	Seth Payson	{ Dr Edwrd Jewett Esq <sup>r</sup>
First church in Worcester	Sam <sup>l</sup> Austin	{ Dr John Chamberlin
Mafon	Ebn <sup>r</sup> Hill	{ Mr Henchman Warren { Mr Noah Winship

The above named Pastures & Deligates formed themselves into a Council by chusing y<sup>e</sup> Rev<sup>d</sup> Mr Cushing Moderator & Seth Payson Scribe, At the request of the parties adjorned to the meeting house & after seeking divine Direction, attending to the Several Statements & communications by the Rev<sup>d</sup> Mr Worcester & the respective Committees of the Church & Town, & solemnly deliberating upon & weighing impartially y<sup>e</sup> things offered to our consideration, came to the following Result. (viz)

Although a spirit of Division & Seperation appears to have been most unhappily prevalent among the people of Fitchburg in consequence of which y<sup>e</sup> situation of their Rev<sup>d</sup> Pasture is rendered very uncomfortable, & the prospects of his Usefullness among them greatly impaired, yet taking into view y<sup>e</sup> continuing & even increasing attachment of y<sup>e</sup> Church to M<sup>r</sup> Worcester the Union which subsists among those who have not seperated themselves to other Denominations, & the chearfull readiness of M<sup>r</sup> Wor-

cesters Friends, expressed by the Committee of the Church to submit to y<sup>e</sup> increased burden of his Support, we cannot conceive that it will be promotive of y<sup>e</sup> interests of Religion [139] in general or the welfare of this particular Society that M<sup>r</sup> Worcesters pastoreal Relation to them should be dissolved and we feel our—bound to recommend to M<sup>r</sup> Worcester that he submit still longer to the inconveniences of his Situation, trusting in that God who can change our darkest prospects, & increase the consolatives of his Suffering Servants in propotion to their Trials, We have not been inattentive to the fair Prospects which invite M<sup>r</sup> Worcesters Removal, & the Sacrifice which he is called to make by a compliance with this request, yet, believing that y<sup>e</sup> greatest Good in his view is the interest of Religion, we doubt not his ready compliance with what we now unitedly recommend to him as the path of duty. We are not infensible that this result is very different from y<sup>e</sup> expectations of many, but we persuade ourselves y<sup>e</sup> propriety of it will be obvious to those who take a serious view of the respectable numbers of this Church warmly attached to M<sup>r</sup> Worcester and the considerable majority of those yet forming the Congregational Society in this place, who seem desirous of his continuance with them; it being evident from written statements that from the number one hundred & eighty five voters, there are Seventy who have expressly & by name manifested a desire that M<sup>r</sup> Worcester should tarry with them, & that fifty two have withdrawn under a compact for the support of Univarsal Teachers, leaving a remainder of sixty three some of whome are of different denominations, & y<sup>e</sup> remainder, at least many of them have not expressed their Sentiments. While we cannot but express our tender Sympathy with y<sup>e</sup> Rev<sup>d</sup> Pastor of this Church under the weight of so formidable & we think so unreasonable & unchristian an opposition, as exists in this Town to him & his ministry, we are extremely happy to find that he is exonerated, even by y<sup>e</sup> united testimony of his opposers from all imputations of irreligious & immoral conduct—that his discharge of the duties of the Christian ministry, has ben apparently so

faithfull & so faultless, and that while he has been officially Set for the defence of the Gospell, he has contended so earnestly, & for ought that appears to the Contrary, so discreetly for the Faith once delivered to the Saints, We most earnestly supplicate for him ye anointings of divine Grace, the Confolatives of habitual Communion with his ever present Redeemer, Such acceptance with the people of this Town as will render his labours extensively usefull, & a happy probation for a triumphant exchange of y<sup>e</sup> afflictions of this state of trials, for the Joys of a better world. We are confident that he will not shrink from the faithfull Labours, or be removed from y<sup>e</sup> firm & inflexible defence of the glorious Gospel of Christ, to whatever conflicts he may be reduced, in this day of growing Scepticism & enfidelity, & that he will continue Stedfast, immovable, always abounding in the work of the Lord, under the strong afsurance that his Labour shall not be in vain in the Lord. The Council are extremely happy to find this Church, as a branch of y<sup>e</sup> Kingdom of our dear Lord, so apparently establish in the faith, so united, so affectionate, & so faithfull in holding fast the word of Truth, & maintaining y<sup>e</sup> all important concern of the disciplinary purity of Christs house. We congratulate them on the pleasing Symtoms of y<sup>e</sup> presence of God with them, by which they are influenced to arise & trim their Lamps, & to stand as a part of the Hosts of the Lord, in opposition to that flood of demoralization & error which threatens to inundate y<sup>e</sup> Land. We exhort them to put on bowels of mercy towards those whose Efforts ar directed, or which seem to be directed, to weaken their Christian hopes, & to betray them into a deriliction of Gospel Truth, & Gospel Zeal; to be meak and inoffensive in all their ways, & to glorify God in their bodies, & in their spirits which are his.

As the Council cannot discern any Justifiable reason why so considerable a portion of y<sup>e</sup> people of this Town should become difaffected to y<sup>e</sup> ministry of y<sup>e</sup> Rev<sup>d</sup> M<sup>r</sup> Worcester, as nothing whatever is alledged against his personal Character, or ministerial Respectability, as it is not made evident that y<sup>e</sup> currant of his preaching, is the

exhibition of any other doctrines than those, which he was understood to hold at the time of his ordination, & which are established in the Platform of y<sup>e</sup> generallity of New England Churches; & the Formula<sup>s</sup> of most protestant Churches in Amiraca, & in Europe, we beg of them Seriously to deliberate, whether they can Justify their alienation under the Eye of the Sovereign of y<sup>e</sup> World — whether it really promises to issue in the harmony & happiness of y<sup>e</sup> Town — in the advancement of true Religion here, or y<sup>e</sup> augmentation of any well formed hopes of future Glory. Though it is not the province of the Council to determine any legal Questions respecting any property which is deemed common, & they have no inclination to interfere with any of the civil or religious Rights of any Individuals, or bodies, yet, they beg leave to Suggest, that they are of opinion that the Church ought not to be denied those accommodations, for the celebration of such ordinary acts of Worship and Duty, as have been considered as assential to its Existance and prosperity from its foundation. The Council cannot give any countenance to those irregular & equivocal measures which appear to have been adopted to strip y<sup>e</sup> Church of its Priviledges in this respect & to take from them a pasture apparently so dear to them, we hope that so unhappy a precedent will not be drawn into General indulgence. We beg for the best prosperity of this church & Town, & commend you Brethren & Friends to God & y<sup>e</sup> Word of his Grace which is able to build you up, & to give you an Inheritance among all them that are Sanctified.

The committee appointed by the Town of Fitchburg assembled on the 17<sup>th</sup> Nov<sup>r</sup> 1801 by their vote, to wait

upon the Rev<sup>d</sup> Sam<sup>l</sup> Worcester in order to agree with him upon a council that a difallution of the contract between the Town & M<sup>r</sup> Worcester take place, have attended that Service, and make their report as follows (viz)

On the 3<sup>rd</sup> December 1801, We meet The Rev<sup>d</sup> M<sup>r</sup> Worcester, and a committee from the Church who we understood was chosen by the Church to assist with M<sup>r</sup> Worcester for the purpose exprefs<sup>d</sup> in our Commisison. after debating upon the befiness, M<sup>r</sup> Worcester and the committee from the Church informed us that if a Council was to be agreeded upon it altogether belonged to the Minester & Church to agree upon them, And that the Town had no right to a voice in the choice of the Council, And by the explanation of their right, it was not in our power to accomplish the befiness for which we ware appointed, unless the Town was excluded from any choice and give up all right that the Town claimed, which we conceived to be an eaquel right with M<sup>r</sup> Worcester. We strove hard to convince them that the Town in a Joint vote ought to have an Eaquel voice with M<sup>r</sup> Worcester in chusing the Council in the same way that the contract was made, but notwithstanding all we could Say upon the Justice & reasonableness of it, Still they say all the right for the choice of a council is in the Minester & the Church. Therefore we could not consent [145] to give up what we supposed was the Towns right, and so our conference ended, excepting the conditions upon which M<sup>r</sup> Worcester proposed to submit the matter to the Council, which was handed to the Committee in writing and we shall now communicate to the Town. . . . .

Paul Wetherbee p<sup>r</sup> order of the Committee.

Here follows the propofals of M<sup>r</sup> Worcester.

In consequence of an application of the town of Fitchburg through the medium of a committee, appointed to confer with me, relative to a council for my difmision I offer the following proposals.

1. A council shall be called in the regular ecceseastical manner If their can be such an understanding, between the Town, and the Church, as that the choice of the

Council may be Satisfactory to the Town, it will be a circumstance very agreeable to me.

2. To the council it shall be submitted, whether it be expedient for a dismission to take place; and if it be upon what terms, due regard being had to the contract.

3. If any allegations are to be brought before the council against me, they shall be fairly exhibited to me in writing at least fourteen days prior to the Sessions of the council, it shall be particularly understood, that I shrink not from the fullest investigation, both of my Sentiments and conduct

Fitchburg 31<sup>st</sup> May, 1802

Gentlemen

As a majority of this Town have for sum time past manifested a wish that their contract with me for my Support might be difsolved as it is thought it may conduce to the peace and harmony of the Town, should a tax upon the Town for my Support be in future dispensed with — and as a plan is now in progress making permanent provision for my Support without an asesment upon the Town: — I now declare to you, and through you as the regular channel, to the Town of Fitchburg, that, provided the Town still think it best, I am willing to relinquish on my part, the Original contract for my support; and to accept in lieu of what was therein Stipulated for my Support, such provision as may otherwise be made for

the same purpose, and I propose and consent, that, from and after the day, on which the Town shall regularly notify me of their acceptance of this proposal, my present contract with the Town so far as it relates to my support, shall cease to be in force, And with a view to prevent any future contention or litigation, and Amicably to adjust, as far as pofsable, all differences and disputes, I beg leave respectfully to suggest whether it may not be adviseable for a committee to be appointed on the part of the Town to arrange and Settle with me respecting Arearages which may be due; fully persuaded that should such a measure be adopted, no considerable difficulty would attend an amicable and final adjustment, this letter you will be pleased to communicate to the Town as soon as convenient.

with great respect, I am Gentlemen your very humble  
 Serv<sup>t</sup> Samuel Worcester  
 To the Gentlemen Selectmen of the Town of Fitchburg.

Fitchburg 1<sup>st</sup> June 1802 Received of Mefrs Paul Wetherbee Joseph Fox, and David Bontell, Committee appointed to make a Settlement with me in behalf of the Town of Fitchburg, the Sum of One hundred and Ninety six dollars, and forty eight cents, in full of all Arearages due to me from said town, as a minester or religious instructor, And I do hereby declare my consent to relinquish, and do wholly and forever relinquish the contract made with me by the said Town for my Support.

Voted to accept the report of the committee chosen to consider and report the prinsables upon which it would be expedient for the Town to adopt in order to Settle Mr Elisha Clap in the work of the Gospel ministry and to state the encoragement, which report is as follows viz.

The committee, to whome it was refered to consider and report the prinsables upon which it would be expedient for the Town to settle M<sup>r</sup> Elisha Clap in the work of the Gospel Ministry, and to State the encoragement it would be proper to propose, have, after mature consideration, Unanimously agreed to the following

That M<sup>r</sup> Clap be settled by the Town subject to a removal when ever, within four years from his Ordination, two thirds of those being voters, who pay to his Support, may become opposed to his continuance provided that those, thus quallified, who may be opposed, shall continue to vote his dismisfion in the manner hereafter specified

After four years from the day of his Ordination, the Majority of those, being voters, who pay to his Support, shall be Sufficient for his dismisfion upon the Same condition refered to in the proceeding provifsion.

To remove all misunderstanding as to the compleat authority of the Town to dismiss him, your committee recommend an exprefs provision, that when the Town may be convened on the Subject of his dismisfion, the Church shall not be regarded as in any manner distriect from the Town, but that the Town & church shall always, for that purpose, be considered as indivisible.

But that M<sup>r</sup> Clap's removal may not be effected rashly [189] rashly and precipetately, and that the Sence of the Town may be exprefs<sup>d</sup> with that coolnefs deliberation and firmnefs which the Seriousnefs and importance of the subject so evidently require, your committee recommend that an exprefs provision, that two thirds of those being voters, who pay to his Support, and who may manifest a dislike of M<sup>r</sup> Clap within the first four years after his Ordination; and that a majorety of the same discription of persons afterwards, shall not be considered as sufficient for his dismisfion on the first determination, but that the meeting at which such a quallified decifsion against him may be obtained, shall be adjorned for precisely six months, when the question shall be again tried, when the question shall be again tried; and if at the adjornment the Same result should appear, his dismisfion

shall be considered as compleat. And their shall not be a convocation of an Ecclesiastical Council for any other purpose than to consider and determine upon M<sup>r</sup> Clap's Ministerial character, and of the fitness of a recommendation of him to the work of the Ministry in an other place. A council for that purpose only, may at the pleasure of M<sup>r</sup> Clap, be convened by him and the Town, the expence of which to be equally divided between them. And M<sup>r</sup> Clap on his part may leave the Town at any time upon six months Notification of such an intention.

Your committee further recommend, that for his encouragement there be offered M<sup>r</sup> Clap a Settlement of Six hundred dollars, payable One third on the first of January Succeeding his Ordination, and the remaining two thirds on the first of January following. But if M<sup>r</sup> Clap's official relation to the Town should be dissolved by Death, removal or resignation, before six years from his Ordination, his estate or himself shall be held to refund to the Town at the rate of One hundred dollars p<sup>r</sup> year for all the time, from the dissolution afore said, which may remain unexpired of six years from his Ordination.

And your committee further recommend, that a yearly Salary of four hundred dollars be granted him during the time that his pastoral relation to the Town may continue, payable, at that rate, upon the first of January Succeeding his Ordination, for the time then due; and after wards from that period Annually.

All which is respectfully Submitted by your Committee

[191] The Town meet according to adjornment

The committee that was appointed to draft a protest, or remonstrance, against the Installation of the Rev<sup>d</sup> Titus. T. Barton, made their report as follows, viz.

To the Ecclesiastical Council which may be convened for the Installation of the Rev<sup>d</sup> Titus Theodore Barton over an affsocation nominally Hopkinsian, a minor part of this Corporation.

We the Town of Fitchburg in Town meeting assembled, Protest against your proceeding to said Installation; and as the basis of this Protest we assign the following reasons, derived from civil and ecclesiastical law.

The constitution of the Commonwealth while it gives the utmost consistant indulgence to the rights of conscience, empowers the Legaslature to require every mans attendance on the publick Worship of Almighty God, and to enact laws for the regulation of religious Societies. The laws thus made in persuance of Confitutional authority, contemplate every Town, undivided into parishes, precints, districts and religious Societies, as a Corporation for the management of all ecclesiastical concerns. The town of Fitchburg is of that description, and are now engaged in a course of regular proceeding for the Settlement of a Gospel Minester. The persons over whome the Installation of the Rev<sup>d</sup> Titus. T. Barton is proposed, are a minor part of that corporation; the induction into office of a minester over the minority of a regularly constituted society is, we deem, an unwarrantable and unprecedented invasion of the liberties and rights of the majority; it is, we conceive, in direct violation of that fundamental rule in all our institutions, that the majority, conforming to the Original prinsaples of the compact,

shall govern, and it is a measure flagrantly irregular, and compleatly disorganising.

Every citizen of the Commonwealth is a member of a religious Society, constituted such by Law. If an inhabitant of a Town, or a resident in any parish, precinct or district, it is within these Geographical limits, or within a distinct Society specially incorporated, that the civil power authorizes the use, and protects him in the enjoyment of all the rights and privileges appertaining to public worship. But if he dissents from the regularly, constituted society in which he is included, he may attach himself to any other Sect or denomination, "and on his producing a formal certificate of his attendance on a public Teacher of that other Sect or denomination," he may have the tax assessed upon him transferred to his own Instructor. But for a number of dissenters to combine against the Will of the body politic, of which they are a part, and in the Settlement of a minister to assume and exercise the rights given exclusively to the majority, is a proceeding Subversive of all order civil and religious. And a Spirit by which such a combination is actuated, is fitly described in a publication from the Church lately under the pastoral care of the Reverend Samuel Worcester, entitled "Facts and documents" — A spirit disposed to trample on all order and authority, civil and ecclesiastical, and to introduce unbounded licentiousness and confusion into Church and State."

To illustrate the truth of these sentiments, we advert to the transactions of the same Church when last assembled under the authority of this Corporation to manage our civil and ecclesiastical concerns. At a meeting of the Town on the fifth of the present month the said Church protested against their future taxation for any religious purpose, and presented a certificate for their exemption, and immediately after combined their whole strength, against [192] against the Majority, in a design to prevent the raising of money for supplying the Pulpit, the mere statement of this conduct is sufficient to expose its contrariety to law, reason, and social order. This instance is not Solitary. An opposition, Similar in every respect

has ben frequently exhibited during the last three years. Such disorderly conduct has raised a spirit in the Town, that will not, probably, be allayed with any thing short of the peacable Submission, for the future, of the Minority, or of their seperation from the Town in such manner as the laws prescribe.

The Constitution considers every man in the two-fold character of a disciple of Christ, and a subject of civil Government: As free to worship God, according to the dictates of his conscience, but as acquiring that freedom by his conformity to such regulations as the preservation and tranquillity of Society require.

The call of the Rev<sup>d</sup> M<sup>r</sup> Barton, and, as we understand, the letters misfise for your convocation were in the name of the First Church of Christ in Fitchburg. This rank it cannot at present claim in a legal point of view, for being, unafsociated with any incorporated body, it is a society wholly unknown in law; and that it could not claim it, we think evident from the following considerations. The statute of the Commonwealth restricts to Churches connicted and afsociated with corporations, legal protection in the use, exercise and enjoyment of their accustomed privileges respecting Divine Worship. And where parishes, precincts and other corporations are formed in a town, the law exprefsly declares that the old Town shall be the first or prinfpable parish, which would give the rank of first or prinfpable Church to the Church connected and afsociated theirwith. So far as Ecclesiastical authority can settle this question of precedence we conceive that the Church afsuming the distinction of the First Church of Christ in Fitchburg, are schismatics from the first regularly established Church in this place, and that, therefore, your recognition of them under that afsumed title, would be unwarranted by any Ecclesiastical Judicatory.

Upon these considerations we Protest against your recognising the Church, nominally Hopkinsian, under the appellation of the First. . . .

In connection with this Solemn act and the reasons for it, the Town of Fitchburg, respectfully and unequivocally afsure the Reverend Council, that they have not the

least aversion to the Settlement of a Minister by any portion of the people constituted a religious Society according to Law. Without such constitution there cannot be, in this Commonwealth, a Society authorized to make and efficient Settlement of, and provide legal Support for a Minister. Where a Settlement is attempted by a minority with party views, and especially with avowed intention of becoming the Majority, the peace of Society is interrupted and its Laws transgressed.

They who sustain the high commission of public Instructors in the Divine Law, should themselves observe, and enjoin upon others the observance of the Laws which Protect and preserve an orderly community:

Voted to adjourn the meeting for half an hour, in order for the committee to make their report.

The Town meet according to adjournment, and the meeting opened.

The Committee made their report as follows (viz.)

The committee to whome it was refered to draft a Remonstrance against the Petition of Daniel Putnam & others, beg lieve to make the following Report.

W<sup>m</sup> Cuninghame per order.

To the Honorable the Senate and the House of Representatives of the Commonwealth of Mafsachusetts.

The Inhabitants of Fitchburg in the County of Worcester in legal Town meeting assembled, beg leave to Remonstrate against the Petition of Daniel Putnam & others for an Act of Incorporation.

The Petition sets forth, that Since the Ordination of the Reverend M<sup>r</sup> Worcester in 1797 "A Baptist society and two Universal societies were formed in the Town, which together formed a major part of the legal voters in the Town, so that at the two Annual march Meetings in 1801 and 1802 no vote could be obtained to afsefs M<sup>r</sup> Worcesters salary." The whole number of persons in the Town of all denominations who are cleared from ministerial taxes by certificates, in the manner required by law, is thirty nine; not one of these we believe ever voted

against the assesment of M<sup>r</sup> Worcesters salary. In respect to disarters from the Congregationalists their is not, in any point, a meterial variation from the circumstances of the Town for a long period before M<sup>r</sup> Worcesters settlement. Exclusive of all disenters their is a great majority of the Town in opposition to the petitioners, who stile themselves "The Congregational Church," but are here and in this vicinity denominated "Hopkinsians," and are avowedly such. Those acquainted with the true principles of the controversy, both Clergy and Laity, are generally agreed that the petitioners are the seceders from the Congregational order in this place. Occasionally, as they may have conceived would best answer their designs, they have called themselves "the Church"—"The Church of Christ"—"The first Congregational Church"—The regular Congregational Church "The Strict Calvinistic Church"—and "The regular Congregational Constitutional Church;" and these tittles they have at different times, asumed and asserted. The whole history of the Church in New England, for a centry past will not perhaps, exhibit so much Ecclesiastical Tyranny as has [203] has ben displayed by the Small body of Hopkinsians in this Town for the Short space of five years. They have excommunicated from their society Six and Suspended from their communion two, and pafs<sup>d</sup> votes purposely to prevent the occasional communion with them of persons in regular Standing in Congregational Churches. The characters of the Excommunicated and Suspended persons are of estimation in society, and with One exception are irreproachable as to morality and general deportment. One, in particular, highly respected for his exemplary life and a long course of Usefullness in a number of Publick stations was, at the venerable age of Sixty nine sacrificed to their relentless rigour. The Excommunicant above excepted from this just description of the character of the others, has ben restored to the society from which he was expelled, they refusing the restoration of the others contrary to the Result of a Mutual Council, a majority of which was of their own appointment. These truths are manifested in Solomn acts of Council, and in correct publication before the community. The dec-

laration in the petition that "persons who before had been members of the univarsal fociety, with two or three others, were collected and recognized as a Church," is a misrepresentation, the wickedness, of which is aggravated by appearances of intention. It is observeable that the petitioners State that the lately recognized Church was formed of persons who before had been members of the Universal fociety" which can apply but to One, they before had said there were "two universal societies." At the time of the Call of the Candidate refered to in the petition, there existed in the Town no more than the small number of professed Universalists who do not interfere in the management of the Ecclesiastical concerns of the Town. It is plainly, and without doubt designedly, insinuated in the petition that the Church now in connection and associated with the Town was composed from among them. The insinuation is contemptible in the petitioners as Men, and is criminal in them as professing Christians. The Town suppose that a fociety is Alluded to by the petitioners that had a temporary duration under the name of the "Fitchburg Universal Christian Society." But this society was abolished soon after its formation. And for more than eighteen months proceeding the recognition of the Church now connected and associated with the Town. this Society, like many which took their rise in times of religious despotism, and intolerance was formed in the midst of the oppressions and persecutions of the Hopkinsian Church, which was then the only Church in the Town.

It was instituted in a mistaken hope of refuge and of public usefulness, and has these motives for its apology. Its provisions being found inadequate to its objects—caused its dissolution. This state of things, in connection with a formal vote which the Town conceived they might consistently with the conditions of their contract, pass for his dismissal, explain the reason why the Town did not vote Mr Worcesters salary at the periods specified in the petition. The obstacles to Union that our opposers pretend were created by that compact, were by their own acknowledgement wholly removed, for they declare that

they "Voted to Join with those Who had been the means of removing their Pastor" (meaning the associates in the compact.) "in hearing Candidates for the Gospel Ministry as though no difficulties had heretofore existed." It is a truth that may be asserted with the utmost confidence, that the whole work of "discord" here originated with and has been unremittingly prolonged by the Hopkinsians party. Full in proof of this is their own declaration that as soon as the Town refused to concur with them in the Case of a Candidate, they "proceeded in employing, hiring and paying" instructors of their own choice. Then it was that "all hope of harmony vanished." Then was destroyed "all hope of reconciliation." The Town cannot refrain from an expression of their astonishment that all this should be done by those who have arrogated to themselves exclusively the distinction of friends of "Religion and order," but whose whole conduct has formed a striking contrast to their pretensions. If it would not be tedious and unnecessary we would be circumstantial. Transactions are plenteous and plenary to our purpose. We shall pass them over with one exception:—The history of fanatics seem sufficiently to Authorise the suspicion of their inconsistencies to preclude a particular recital of their gross and repeated absurdities. To the long catalogue of irreligious and disorderly Acts we have one to mention of our opposers flagrantly repugnant to the social regulations that are intended for the preservation of our rights civil and sacred:—They while as at present, the Minority of this corporation, Still holding their connection with the Town, and Still impelling and embarrassing to the utmost of their power, all regular proceedings for the Settlement [204] Settlement of a minister, did by an Ecclesiastical Council Specially selected, in disregard of a solemn protest of the majority, place over them an Instructor!

This conduct so hostile to Religion and order is, we presume, unprecedented in the Church Annals of our Country, And we appeal to the impartial whether it must not have been directed by the first feelings of that dreadful exterminating spirit which, in the name of the God of

Mercy, has scourged the earth with merciless vengeance? Were not this Council actuated by the proud and overbearing spirit of Dioscurus? And did they not practice as if, like Valentinian, they had power to direct who, as God's vicegerents, should be umpires in all religious matters, and licensors and dictators of preachers and preaching?

"There being no religious society in the Town with which the Church, and the worshippers adhering to them, could Join without doing violence to their consciences," was no more than was the Case with a much greater number in opposition to them, And was the Occasion of the Recognition of a Church upon the rational and Catholic principles of the Congregational Churches of New England.

Your, Remonstrants are equally sensible with the Petitioners that "the Constitution and Laws of the Commonwealth give liberty of conscience to all men." But no liberty is given by our Constitution and Statutes to contravene the regulations, nor disturb the tranquillity of society.

The petitioners State that they have provided a method for Supporting "the Gospel in a way not grievous to themselves, nor burdensome to any around them." The Town sincerely wish the petitioners all possible consolation and religious improvement under the arrangements they have made for establishing in this region the discipline and the principles they practice and profess. But we beg protection from their enforcement of either by any schemes they may have devised. under the apparently liberal offer of maintaining the Gospel ministry is, we apprehend disguised the projects for recruiting Auxiliaries in a warfare of principles. The request for the exemption from taxes elsewhere of those who may merely assemble with the petitioners in public worship is most obviously of a disorganizing nature and tendency, not calculated to "promote religion, harmony and good order in Society," And for these reasons will, we are confident, be rejected by the Guardians of the public order and peace. We are persuaded that the enlightened Government of Massachusetts

will never sanction principles that have a direct tendency to Give to the spirit of Proselytism, a power to prevent many to a league in plots.

The Town beg leave farther to represent to the Honorable Court, that of the Subscribers to the proposed fund seventeen are not voters in Town affairs, and that the personal security of a considerable part of them would not be accepted where their circumstances are known.

Their "obligations" would form a curious basis for a permanent fund, for the dispensation of the Gospel, free of expence to the poor.

The list of male voters in the Town comprises 181 of whome 52 are reputed Hopkinsians (43 having signed the fund,) and 39 cleared by Certificates from Ministerial taxes, leaving on the side of the Town in the Religious controversy 91, who have regularly and Uniformly attended to the maintenance of the Gospel ministry in the Town. But deducting as Hopkinsians those only who have subscribed to the fund and the number on the side of the Town will be 99.

The strength of the Hopkinsians relatively to the Town is less in property than in numbers. Adopting the table of Valuation as the rule to determine the proportion they bear, we find the value of the Estates of all the Hopkinsians who have signed to the Fund, to be 1579. that of all other persons, exclusively of the 39. exempted from Ministerial taxes, 4263. The Town on another Occasion declared and they now renew the declaration, "That they have not the least aversion to the settlement of a minister by any portion of the people constituted a religious society according to Law." It may be Superfluous to explain the meaning of the Town to be, their entire willingness that each sect may enjoy freely their own sentiments, and in their own manner, but under restrictions that shall [205] shall bar their molestations of others, and effectually check all specious and insidious measures to undermine and overthrow society.

Averse to an interruption of the deliberations of the Legislature in the weightier concerns of the Common-

wealth, the Town forbear the minute and unessential particulars of a local controversy. But will supply them, so far as may be necessary, in another manner.

For the reasons they have stated the Town of Fitchburg respectfully request that the petition of Daniel Putnam and others may not be granted on the principles they have proposed.

Voted that the foregoing Remonstrance be accepted, and that it be presented to the Legislature by Joseph Fox Esq: our Representative and that he take with him certified copies of such records on the Towns books, and make such further details as may be necessary.

To

[238] To the Honorable the Senate and House of Representatives of the Commonwealth of Massachusetts.

The petition of the inhabitants of the town of Fitchburg in the County of Worcester, in legal town meeting assembled, Humbly Sheweth,

That there are two religious Societies in the town, both denominated Congregational, yet differing so widely in religious sentiments, that those who compose one of the Societies petitioned for, and obtained of the Honorable Court an Act of incorporation June 1805. The plea of the petitioners was, "There being no religious Society in the town with which to petitioners could Join without doing violence to their own Consciences, and the Constitution and laws of the Commonwealth giving liberty of Conscience to all Men." The Honorable Court in the Act of incorporation in consequence, it is thought of a vote of the town consenting to the petitioners being heard, and their petition Granted under certain restrictions gave but six months for persons to determine to which of the Societies they would belong, after that period closed there could none regularly pass from One to the other Society Short of petitioning to the Honable Court to be removed by a Special Act, believing that petitions from individuals will be forwarded to the Honorable Court to be removed

in this way, from one to the other Society; and that too in repeated instances, Men being chanable Cretures; believing it perfectly consistant with the Constitution and laws of the Commonwealth, and pecularly congenial with republican Government; believing it will tend to promote practical virtue religion and morality, and remove Occation for discontent. It is therefore the prayer of your petitioners that the Honorable Court will grant to the inhabitants of the town of Fitchburg liberty to pafs over from either of the religious Societies to the other Annually, the person so doing making known in writing to the Clerk of the Society to which they before belonged there intention to leive the Society; and to the Clerk of the Society to which they wish to belong there desire to be inroled as belonging to said Society, And as in duty bound Shall pray.
